## AAUW History

AAUW's story begins in 1881, when a small group of female college graduates banded together to open the doors for women's career advancement and to encourage more women to pursue higher education.

## AAUW International Influence

AAUW works to advance equality for women across the globe. Barriers still keep education, security and economic vitality out of reach for millions. Support and access to resources, education, health care and job opportunities are essential to give women pathways to thrive. AAUW also works closely with the United Nations and U.S. Department of State to improve the status of women throughout the world.

## AAUW California Mission:

AAUW California facilitates California branches in meeting the vision and mission of AAUW by providing programs, education, and resources.
