---

The American Association of University Women (AAUW), founded in 1881, is the nation's leading organization advocating equity for women and girls. Our national membership of 170,000 members and supporters seeks to advance gender equity for women and girls through research, education, and advocacy. People of every race, creed, age, gender, sexual orientation, national origin, and level of physical ability are invited to join.

AAUW California began when the San Francisco branch was established in 1884. By 1921, with thirteen active branches in the state, branch leaders saw a need for a statewide organization. The constitution for AAUW California was approved in October 1921.

The American Association of University Women (AAUW) advances equity for women and girls through research, education, and advocacy. In principle and in practice, AAUW values and seeks a diverse membership. There shall be no barrier to full participation in this organization on the basis of gender, race, creed, age, sexual orientation, national origin, disability, or class.

## Use of Name

To use this directory for any purpose that conflicts with adopted AAUW and/or AAUW California positions shall be considered “Misuse of Name” (see AAUW California Bylaws Article II). This directory, or any part thereof, must not be distributed to any outside organization without written permission from AAUW California.
