

CampDoc and Tech Trek

CampDoc is set up for registering campers and staff, called Participants. They have Profiles that contain forms they need to complete to participate, depending on the session they are registered to.

For Providers such as branch coordinators and camp directors to facilitate the collecting of needed information from campers during the application, selection, and registration process, they are assigned different levels of records access.

Branch coordinators and branch Tech Trek committee members have permission in CampDoc to View, Report, Download/Export, View Tags, and View and Edit Reviews/Notes related to ANY Profiles, which is why everyone with access must make sure they complete the volunteer conduct agreement annually [HERE](#). Branch coordinators can check your branch selection team's conduct agreement status [HERE](#), password 'aauwca'.

Camp directors have Profile editing capability and can register participants to session.

Everyone can send emails to the applicants and (ultimately) campers registered to the same session(s) that they are as Providers, facilitating communication.

Finding Your Applicants or Alumnae

As Providers, you should have been sent a registration notification and follow-on Intro to CampDoc from techtrek-campdoc@aauw-ca.org via CampDoc which gave some ideas for getting started. For those who have used CampDoc for Tech Trek in the past, consider this a refresher.

When you first log in, the default view for every Provider is **Registration Type** is *Participant* and **Profile Status** isn't *Past* as below, with the number of profiles that an individual can see depending on what sessions you have been registered to as a Provider.

Initially, all branch coordinators will be registered to the Camper Application session. In March or whenever their first camper is registered, they will be registered to the sessions their girls will be going to.

ADD CONDITION SAVE LIST RESTORE DEFAULTS

Filtering is as easy as clicking the ADD CONDITION button, entering Branch Name in the Condition box and selecting your branch, which filters it down to all applicants in the sessions the Provider is also registered to. If you were registered to both camper and staff sessions and you wish to just see campers, you can add a condition **Participant Status** is *Camper Application* or **Group Select** is the *Camper Application* session for the year (or *Camper Accepted* for the camp(s) your girls are attending after you have selected them).

ADD CONDITION SAVE LIST RESTORE DEFAULTS

Once you have found any applicants you have, as new ones join, they will show up in your list if you Save it with an incredibly original name like ***Camper Applicants – Branch name***.

Note the checkbox if you wish to Share with other Providers, such as your TT committee members, but please be cautious with this as it adds to the list for EVERY Provider, not just your branch and can make it challenging to find if the dropdown is too long.

One powerful feature of CampDoc is that Providers also have access to past camper data to enable them to better keep in touch with alumnae for (minimally) the five years that both campers and branches commit to.

To view alumnae, change **Profile Status** isn't Past to IS Past and change **Group Select** to a past session that your selected campers and you were registered to, them as Participants, you as a Provider. If you do not see past sessions in your own Registration tab, send a request for the specific session (staff or camper and year) to techtrek-campdoc@aauw-ca.org to be registered.

Once you have a List created and Save it, you can create many different reports including Applications that you can download or share with others on your team. There are several templates already created for you to start with, but you can also create your own.

Additionally there are several shared Default Lists, including 2024 Campers and 2024 Staff Applications, which narrows the participant list to one or the other.

Selecting Your Campers in CampDoc

As soon as camper applications are at 100%, an administrator moves the Camper Placment Review to Pending, after which your evaluation and selection may begin.

At this point, you have already interviewed and decided who your candidates are going to be.

After logging in to CampDoc [HERE](#),

- Select **Complete Camper Applications Ready for Placement, by Branch** in the Default list,
- Backspace in the *Branch name* field to get rid of the name there and select your branch.

At the bottom of each Profile page is a set of two up-arrows for **Review/Notes**. For each applicant who is ready for selection, click the down arrows. In Review tab, click the Yes radio button for **Camper Placement** review. This signals to the camp director or admin that selection has been made.

REVIEW TYPE	STATUS	REVIEWED BY	TIMESTAMP
Alternate Camper Selection (Waitlisted)	<input checked="" type="radio"/> No <input type="radio"/> Pending <input type="radio"/> Yes		
Alternate Staff Placement	<input checked="" type="radio"/> No <input type="radio"/> Pending <input type="radio"/> Yes		
Camper Placement	<input type="radio"/> No <input type="radio"/> Pending <input checked="" type="radio"/> Yes		
Camper Withdrawal Before Camp	<input checked="" type="radio"/> No <input type="radio"/> Pending <input type="radio"/> Yes		
Camper Withdrawal during camp	<input checked="" type="radio"/> No <input type="radio"/> Pending <input type="radio"/> Yes		

In **Notes**, add a note “Place in Camp XXXX”, select **Category Camper Placement**, and **Priority Normal**.

- For Alternate selections, leave **Camper Placement Review** status on *Pending*, and add a **Note** indicating which session they are an Alternate for. Set **Priority Normal**.
- For Not Selected, move back to No and add a Note saying they were not selected.

Note that this does not send anything to the applicant. You must send them an acceptance letter and the camp director or admin will register the camper in the appropriate session. It would not hurt to let the camp director know that you have notified the applicant of their status before the registration email gets sent out, which is rather brief (see below).

SUBJECT

New Registration for Test Camper at AAUW Tech Trek

BODY

Test Camper has been registered to a new session at AAUW Tech Trek:

AAUW Tech Trek » Camper Application » 2025 » Camper Application (Jun 15th, 2025 - Jul 25th, 2025)

You may [log in](#) to CampDoc with your account to review Test's profile at any time.

Notifying Applicants and Families of Decisions

Three camper email templates are provided in **Send Message**:

- For Selected Campers: *Selected Camper Letter*
- For Alternate Campers: *Alternate Camper Letter*
- For Not Selected Campers: *Thank You Letter to Applicant*

To send a message, select the girl to whom the letter will be sent in the branch Profile list, then click **Notifications** and *Send Message*.

In Selected and Alternate Camper letters, besides customizing the applicant's name and your signature, you must include the assigned camp and dates. If you are allowing an alternate to attend the first available session or some other arrangement, edit the template to suit before sending.

Note the following editing conventions:

- A single asterisk before and after a set of words or characters *italicizes* the content.
- Double asterisks before and after for **BOLD**.
- Triple asterisks for ***both***.

- You must add two returns to have lines placed below each other with a space between.
- If adding links, insert the visible text in square brackets [text] followed immediately by the URL in parentheses (link).
- Emails go to everyone who is a User in the Profile.
- You cannot save an email and you cannot create a template from a template.
 - Copy content from one email before Sending to capture any text editing commands.
 - Initiate second email and Paste content then edit name, etc.
 - You can do the same with a template.

Welcome to Tech Trek

Message

Dear *[Applicant Name]* and Parent,

Edit text here

CONGRATULATIONS!

MARKDOWN PREVIEW

Dear (Applicant Name) and Parent,

View what you entered here

CONGRATULATIONS!

You have been selected as one of the girls to be sponsored by AAUW-branchname Branch to attend the 2024 Tech Trek STEM Camp.

You have been selected to attend the [Camp Name] camp from [Date to Date].

You will receive a notification when you are registered for the session in the near future. **Please complete the Parent Authorizations by May 3, 2024.**

1. Complete all forms marked with a red dot no later than two weeks before the scheduled camp date. Medical forms, including any required vaccination documentation, will be due two weeks before your camp start

You may alternatively send emails using the **Send Message** feature, particularly when you wish to send to several different people or when you wish to include an attachment.

Registering Campers in Camp Sessions

Once branch coordinators complete their selections, camp directors can register campers for their sessions, which sends the new registration notification to all users' emails on record. The Selected Camper letter states that new campers will be registered soon. Check **Notifications** for notification date, which is the same date the camper was sent the automatic registration invitation.

There will be a new set of forms in addition to the original application and Parent Authorization. In-person camps have between 11 and 13 new forms that will need to be completed, including uploading covid vaccination card (MMR vaccination record not required). Some camps have an additional set of releases depending on class assignment. Virtual camps have five new forms.

REVIEW / NOTES

Completed Camper Applications and the initial Parent Authorizations are transferred to the new session. Completion Status percentage starts over with the new forms. New lists will be created to track progress, and the overall responsibility for ensuring forms are complete is shared between branch coordinator and the camp director(s).

Following their camper selection process, branch coordinators may request permissions to edit accepted camper profiles to assist campers in submitting needed paperwork for camp in a timely fashion. Send request to techtrek-campdoc@aauw-ca.org with your name and branch.

The screenshot shows a user interface for managing camper profiles. On the left is a search bar and a list of profiles with checkboxes and completion percentages. The main area displays the profile for 'Virtual Camper Accepted Test', which is 100% complete. Below the profile name are tabs for 'Registrations', 'Tags', 'Account', 'Users', 'Notifications', 'Participant Profile', 'Medications', and 'Health Log'. A legend indicates that red dots mean 'Incomplete', orange dots mean 'Expired', and green checkmarks mean 'Complete'. The profile is unlocked and has options for 'Blank Form', 'Print', and 'Export'. A list of registration items is shown, each with a 'Print' and 'Edit' icon. A red bracket on the right side of the list groups five items under the word 'NEW': 'Parent Authorizations', 'Camper Application', 'Accepted Camper Parent Authorizations', 'Camper Bio', and 'Technology and Tools - Virtual Camp'. Other items include 'Chromebook Access - Virtual Camp', 'Optional Evening Workshops - Virtual Camp', 'Emergency Contact', and 'Health History'.

Registering Staff

Camp directors can find staff applicants in much the same way that branch coordinators find campers, starting with the 2026 Staff Applications default list, then selecting **Program Session 1** is *your camp name*. Since some staff are volunteering at more than one camp, check **Program Session 2** also. There is no OR condition. 😊

The CampDoc administrator will initially tag new staff applicants with Branch, original camp they attended, year they attended, and where they would like to volunteer if they have gotten that far yet.

Additionally, for any applicant whose application is complete, the administrator will complete a **Review** (at bottom of profile view) indicating **Staff Placement** is *Pending* and create a **Note** indicating that the applicant is ready to be interviewed and/or placed.

The camp director should complete the **Review** by moving the **Staff Placement** to *Yes* (or *No* if not selected) and add a normal priority **Note** indicating the status.

Selected and not selected staff letter templates are also available in CampDoc. Selected staff should be notified via CampDoc. You may also waitlist staff members, and they will not complete additional paperwork until selected. Every completed application needs to receive a proper response engaging them, waitlisting them, or thanking them for applying.

After issuing the notification letter, camp directors should register each selected staff member in their session. Note that you may Waitlist in CampDoc.
